

Post-Construction Cleaning Services/ Construction worker

Post-construction cleaning ensures that newly built or renovated spaces are free from dust, debris, and hazardous materials, making them safe and move-in ready. Here's a **detailed list of cleaning activities** included in post-construction cleaning services:

Phase 1: Rough Cleaning (During or Right After Construction Work)

- ✓ **Debris Removal** – Collecting and disposing of leftover construction materials (wood, drywall, nails, screws, etc.)
 - ✓ **Dust & Dirt Removal** – Sweeping floors, surfaces, and walls to eliminate excess dust
 - ✓ **Sticker & Label Removal** – Peeling off manufacturer stickers from new windows, doors, and appliances
 - ✓ **Surface Cleaning** – Wiping down walls, counters, cabinets, and built-in shelves
 - ✓ **Trash Disposal** – Removing packaging materials, plastic covers, and tape
 - ✓ **Preliminary Floor Cleaning** – Sweeping, vacuuming, and mopping to remove initial dirt
-

Phase 2: Deep Cleaning (Final Touches Before Handover)

- ✓ **Detailed Dusting & Wiping** – Cleaning vents, light fixtures, baseboards, and moldings
 - ✓ **Floor Scrubbing & Polishing** – Removing construction stains, grout dust, and footprints
 - ✓ **Window & Glass Cleaning** – Washing interior and exterior glass, removing fingerprints and residue
 - ✓ **Bathroom Deep Cleaning** – Scrubbing sinks, toilets, bathtubs, and fixtures
 - ✓ **Kitchen Cleaning** – Wiping cabinets, disinfecting sinks, and polishing countertops
 - ✓ **HVAC Vent Cleaning** – Reducing dust accumulation from air ducts and vents
-

✦ Phase 3: Final Detail Cleaning (Move-In Ready Stage)

- ✓ **Final Vacuuming & Mopping** – Ensuring all surfaces are spotless and polished
- ✓ **Sanitization & Disinfection** – Eliminating bacteria from high-touch areas (doorknobs, switches, countertops)
- ✓ **Appliance Polishing** – Stainless steel and glass surfaces cleaned for a streak-free shine
- ✓ **Exterior Power Washing** – Removing dust and dirt from driveways, patios, and sidewalks
- ✓ **Touch-Up Cleaning** – Checking and refining all areas for a flawless finish

Additional Services (Optional Add-Ons)

- ✓ **Carpet & Upholstery Deep Cleaning** – Removing dust, dirt, and stains from furniture
- ✓ **Paint & Adhesive Residue Removal** – Eliminating smudges and dried paint drops
- ✓ **High-Pressure Cleaning** – Washing walls, outdoor patios, and tiled areas
- ✓ **Odor Removal & Air Purification** – Using deodorizers to eliminate chemical smells
- ✓ **Garage & Storage Area Cleaning** – Organizing and clearing out construction debris.

General Construction Tasks

- ✓ **Site Preparation & Cleanup** – Clearing debris, leveling ground, and setting up safety barriers
- ✓ **Material Handling** – Loading, unloading, and transporting construction materials
- ✓ **Mixing & Pouring Concrete** – Preparing cement, laying foundations, and smoothing surfaces
- ✓ **Operating Machinery & Tools** – Using power drills, saws, and heavy equipment like forklifts
- ✓ **Framing & Structural Work** – Assembling walls, roofs, and floors using wood, metal, or concrete
- ✓ **Scaffolding & Ladder Use** – Setting up and working at heights safely

Specialized Construction Tasks

- ✓ **Masonry Work** – Laying bricks, stone, and concrete blocks for walls and structures
 - ✓ **Plumbing Installation** – Connecting pipes, installing fixtures, and ensuring proper drainage
 - ✓ **Electrical Work** – Running wires, installing outlets, and assisting electricians
 - ✓ **Carpentry & Woodwork** – Cutting, measuring, and assembling wood for cabinets, frames, and doors
 - ✓ **Roofing & Insulation** – Installing shingles, waterproofing, and sealing gaps for energy efficiency
 - ✓ **Drywall & Plastering** – Hanging drywall, applying plaster, and smoothing surfaces for painting
-

Safety & Compliance

- ✓ **Following OSHA & Safety Regulations** – Wearing PPE (hard hats, gloves, goggles, boots)
 - ✓ **Using Safety Equipment** – Harnesses, scaffolds, and barricades for accident prevention
 - ✓ **Reporting Hazards** – Identifying and addressing unsafe conditions
 - ✓ **First Aid & Emergency Response** – Basic knowledge of handling workplace injuries
-

Additional Responsibilities (As Needed)

- ✓ **Demolition Work** – Breaking down old structures and removing debris
- ✓ **Welding & Metal Work** – Cutting and joining metal structures
- ✓ **Road & Infrastructure Construction** – Working on highways, bridges, and tunnels
- ✓ **Painting & Finishing** – Applying coats of paint, sealants, and protective finishes
